

Installation Instructions

RM 150

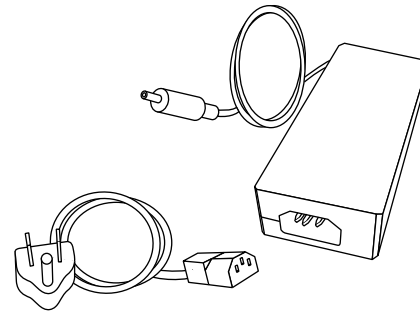

MirrorVue
The Perfect Mirror TV

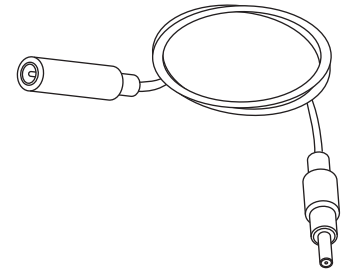

RM 150 remote control

RM 150 Receiver

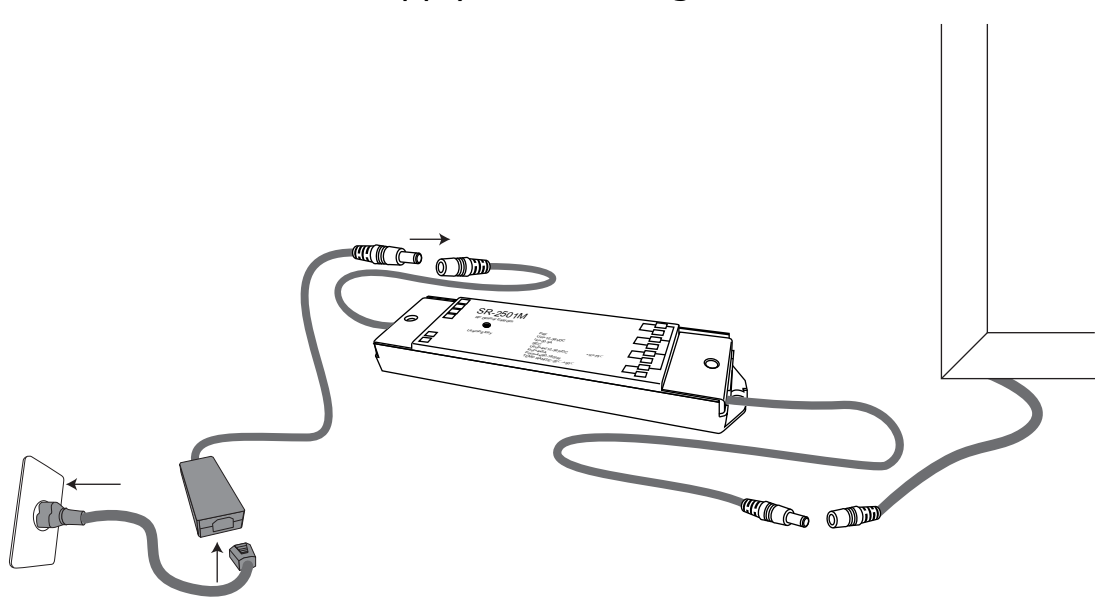

Power Supply

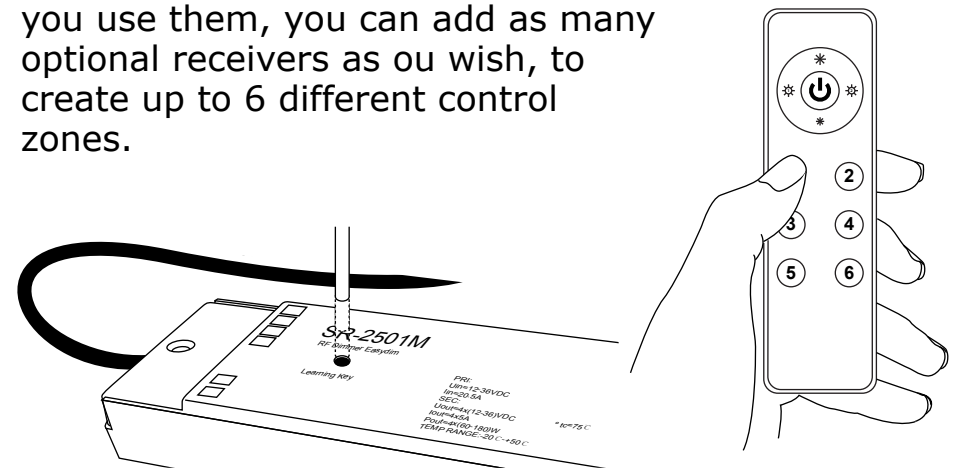

5' Power Extension Cord

Connect the light

1. Connect to Power Supply and LED Light.

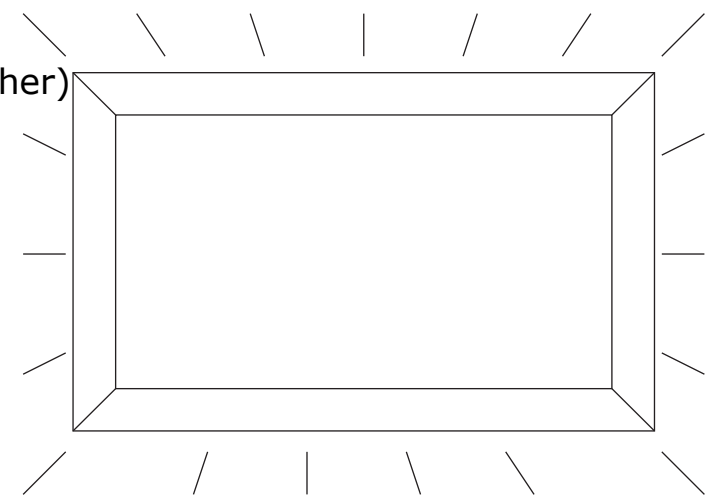

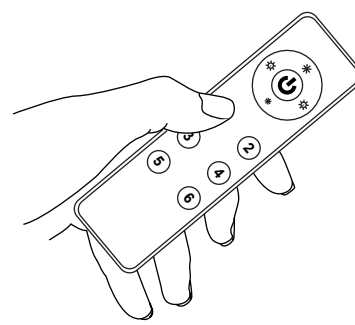

2. Press the Learning Key shortly, and short press the zone number (1-6) which you wish to use. Once you do that, the LED lights will blink once. Now your remote and receiver are paired! Do the same for the other receivers if you use them, you can add as many optional receivers as you wish, to create up to 6 different control zones.

3. Long press the zone number for 3 seconds to turn OFF that zone separately, you can turn it ON only by long press that zone number again, but Not the power button.

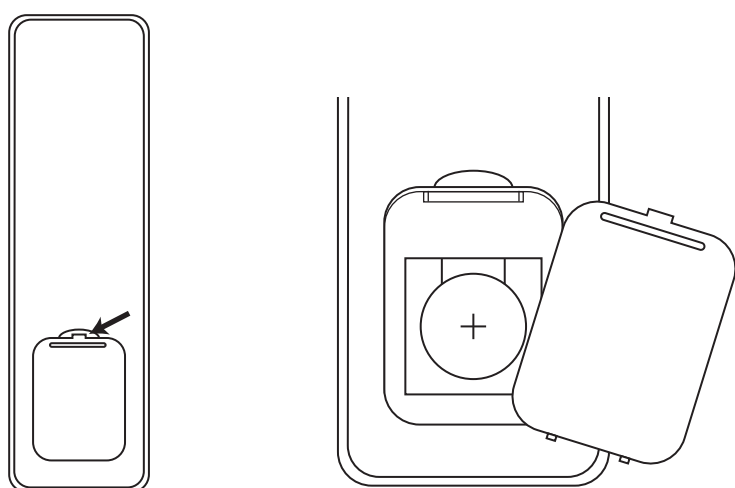

⏻ button to turn ON/OFF all zones' LED lights.

Press * and * to turn UP/DOWN your selected zones' receives' (4 channels together) LED lights.

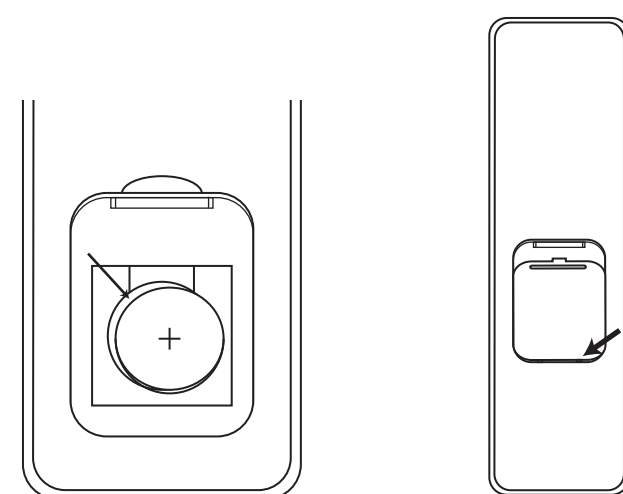

Battery replacement

1. Take off the rear cover of remote control, remove the battery, replace a new one. **Please make sure that you insert the batteries correctly with the PLUS and MINUS (+ and -) on the right side.**

2. When place the new one, please note the battery should be clip in the groove. Close the battery cover.

Memory Reset

In case you want to reset the memory of the receiver, press the learning function button for 10 seconds while the unit is being powered. The unit will then reset to factory defaults.
